Getting there and away

By road

The LG Arena is 8 miles east of Birmingham city centre and can be reached easily from the M1, M5, M6, M6 Toll, M40 and M42. The venue is signposted on all motorways and major roads, and is marked on most maps. If you are travelling by coach we recommend that you allow plenty of time for your journey.

By rail

The LG Arena is short walking distance from Birmingham International Rail Station. Depending on your origin station you can travel directly by train to the LG Arena by alighting at Birmingham International. If your point of origin does not provide a service directly to Birmingham International you will need to travel to Birmingham New Street first and get a connecting train.

By bus

There are two bus routes to the LG Arena from Birmingham city centre. The 900 service leaves from Moor Street Interchange every 20 minutes with a journey time of about half an hour to Birmingham International Interchange. The 38 service leaves from Moor Street Interchange hourly with a journey time of about an hour to Birmingham International Station. Local bus information can be found at the following websites: www.networkwestmidlands.co.uk and www.travelwm.co.uk.

By air

The LG Arena is next door to Birmingham International Airport (BHX), www.bhx.co.uk. To get there from the airport follow signs to the Air-Rail Link (first floor of Terminal 1) and take the Air-Rail to Birmingham International Station. Once there go straight ahead through the concourse on to the NEC bridge link. Continue along the bridge link until you reach the entrance to the NEC, then follow the directions to the LG Arena.

LG Arena has official on-site car and coach parks which can be pre-booked.

PLEASE NOTE:
Roads around the venue can get congested so please leave plenty of time to get to the concert.
